Vice President – Andy Halstead

Newspaper Article: The public relations committee put together an outline for the article, which Robert Dias, Jr. put into letterform. It was reviewed and minor changes made. It will be sent to CSEA to work their magic, and then a final draft will come before the group hopefully at the next chapter meeting.

Negotiations Update: We have met with our Labor Rep. Prior to beginning negotiations with the District. The team is trained, prepared and ready for negotiations. We have been compiling the information requested from the District. We have tried to get dates to meet with the District, but have nothing official set yet. We have received the CSEA Budget Analysis Report, which shows that the District is in good financial standings. We are looking forward to a good negotiations session.

Items Not On The Agenda:

We discussed our feelings about getting started with negotiations and having John Moseley in attendance at the first meeting with the District. Lucy made a nomination that we begin the first meeting without him, and include him as the need arises. Linda Brooks seconded. The vote was unanimous.
